POSITIONING

Established in 2006, CP-DL Capolino Perlingieri & Leone is positioned in the Italian business legal market as a boutique-law firm highly focused on private equity.

The team assists fund sponsors or investors in the fund raising process and international fund managers on all aspects of their investments in Italy (mainly mid-market acquisitions), from deal structuring (including the financing of leveraged buy-out transactions) to the implementation of the exit strategy.

The firm intends to remain focused on its two principal areas of expertise of the fund practice: fund structuring and investment/private equity-backed M&A.

The firm is given credits from its clients for the extensive international experience of its partners (gained in Paris, Brussels, London and Hong Kong), the discretion when dealing with instructions and the respect and devotion of attention that clients deserve.
